Management's Assertion

WisdomTree Digital Trust Company, LLC (the "Company") is a New York limited purpose trust company and the issuer of the WisdomTree Dollar Token (USDW). The Company is responsible for the completeness, accuracy and validity of the redeemable USDW Outstanding, the assets in the reserve for USDW (the "Reserve") to redeem USDW Outstanding, the comparison of the fair market value of the Reserve to redeem USDW Outstanding and the redeemable USDW Outstanding and related disclosures (the "Subject Matter") included in this USDW Reserve Report (the "Report") as of February 5, 2026 and February 27, 2026 at the end of each respective business day (the "Report Dates"). The Company is also responsible for the selection of the criteria defined in Appendix 1 (the "Criteria").

The Company asserts that, as of the Report Dates, (1) the Subject Matter is presented in accordance with the Criteria and that the fair market value of the Reserve is equal to or greater than USDW Outstanding, and that (2) all conditions imposed by the New York State Department of Financial Services ("NYDFS") on the Reserve assets have been met.

USDW Reserve Report

Report Dates	*February 5, 2026*	*February 27, 2026*
USDW Outstanding	1,561,832	1,578,759
Fair Market Value of the Reserve	$ 1,561,832	$ 1,578,759

Notes

1. USDW Outstanding includes all USDW that have been issued by the Company and are in circulation. All USDW Outstanding as of each Report Date are issued on the Stellar blockchain. There were no unprocessed purchase or redemption requests at the Report Dates.

2. As of each Report Date, all of the assets in the Reserve are held in U.S. Dollar Deposits, which is defined as the total balance of U.S. dollar demand deposits, measured at par value, that the Company maintains in an omnibus account for the benefit of USDW holders that is segregated from the Company's proprietary assets at a U.S. depository institution, insured up to $250,000 by the Federal Deposit Insurance Corporation ("FDIC"), for the purpose of providing U.S. dollars in exchange for USDW.

3. The Company maintains the Reserve in accordance with the requirements of the NYDFS industry letter dated June 8, 2022, Guidance on the Issuance of U.S. Dollar-Backed Stablecoins (the "NYDFS Guidance"). The NYDFS Guidance requires that the Reserve assets are held in custody with (i) U.S. state or federally chartered depository institutions insured by the FDIC and/or (ii) asset custodians, as approved by the NYDFS. The Company will hold the Reserve assets in these depository institutions and/or asset custodians, as applicable, for the benefit of the holders of USDW. In addition, per the NYDFS Guidance, "end of business day" is implied to be 5:00 pm Eastern Time which is when the end of day settlement and reconciliation process occurs. As a practical matter, the Company's end of day settlement and reconciliation process begins at or around 5:00 pm Eastern Time, which could mean that the end of day settlement and reconciliation process is completed before or after 5:00 pm Eastern Time. Therefore, as used in this assertion, "end of business day" refers to the time at which the end of day settlement and reconciliation process is complete.

4. USDW does not convey to the holders any direct or indirect property interest in or right to withdraw any assets held in the Reserve. The Company manages the liquidity risk of the Reserve in accordance with the requirements of a governance policy approved by the Board of Managers of the Company, and the Company monitors the Reserve to ensure sufficient liquidity based on reasonably foreseeable USDW exchange requests. The Company is entitled to and may withdraw from the Reserve all net returns earned on assets held in the Reserve to the extent such net returns are not required to maintain the Reserve at a market value equal to the value of USDW Outstanding. The Company will only accept requests to purchase USDW, or to exchange USDW for U.S. Dollars, from customers who have an account in good standing with the Company and satisfy applicable terms and conditions set forth in the WisdomTree Prime User Agreement. The Company will make commercially reasonable efforts to process exchanges of USDW for U.S. Dollars promptly, but it may take up to two (2) full business days for an external account balance to reflect the movement of U.S. Dollars (or such other longer time period as may be required by an external account).

5. USDW is not legal tender, is not backed by governments, and accounts and value balances are not subject to FDIC or Securities Investor Protection Corporation (SIPC) protections. Please refer to the risks and limitations set forth in the WisdomTree Prime User Agreement and other risks and limitations disclosed from time to time in the WisdomTree Prime mobile application.

6. The Company updated the branding and ticker symbol associated with its U.S. dollar-denominated stablecoin from "WUSD" to "USDW" on February 20, 2026. This change does not affect the structure, functionality, or operational mechanics of the stablecoin or its reserve assets.

To the best of the knowledge and belief of the undersigned, the information contained in this Report as of the Report Dates is accurate and complete.
