Management's Assertion

WisdomTree Digital Trust Company, LLC (the "Company") is a New York limited purpose trust company and the issuer of the WisdomTree Gold Token (GOLD). The Company is responsible for the completeness, accuracy and validity of the redeemable GOLD Outstanding, the Physical Gold Held in Custody (the "Reserve") to redeem GOLD Outstanding, the comparison of the units of the Reserve to redeem GOLD Outstanding and the redeemable GOLD Outstanding and related disclosures (the "Subject Matter") included in this GOLD Custody Report (the "Report") as of May 13, 2026 and May 29, 2026 at the end of each respective business day (the "Report Dates"). The Company is also responsible for the selection of the criteria defined in Appendix 1 (the "Criteria").

The Company asserts that, as of the Report Dates, (1) the Subject Matter is presented in accordance with the Criteria and that the units of the Reserve are equal to or greater than GOLD Outstanding, and that (2) all conditions imposed by the New York State Department of Financial Services ("NYDFS") on the Reserve assets as set forth in Note 2 below have been met.

GOLD Custody Report

Report Dates	*May 13, 2026*	*May 29, 2026*
GOLD Outstanding	481.147	481.548
Physical Gold Held in Custody (in fine troy ounces of gold)	481.147	481.548

Notes

1. GOLD Outstanding includes all GOLD that have been issued by the Company and are in circulation. All GOLD Outstanding as of each Report Date are issued on the Stellar blockchain. There were no unprocessed purchase or redemption requests at the Report Dates.
2. Physical Gold Held in Custody is the amount of physical gold held by the Company with a third-party gold custodian in the United Kingdom measured in fine troy ounces of gold. The Company maintains the Reserve in accordance with conditions imposed by the NYDFS, whereby the Reserve is held in custody, segregated from the Company's own proprietary assets, with an NYDFS-approved custodian. Each GOLD token is designed to function as an electronic document of title to an underlying fine troy ounce of gold of a uniform grade issued by the Company as bailee for such underlying gold.
3. "End of business day" is implied to be 5:00 pm Eastern Time which is when the end of day settlement and reconciliation process occurs. As a practical matter, the Company's end of day settlement and reconciliation process begins at or around 5:00 pm Eastern Time, which could mean that the end of day settlement and reconciliation process is completed before or after 5:00 pm Eastern Time. Therefore, as used in this assertion, "end of business day" refers to the time at which the end of day settlement and reconciliation process is complete.
4. Holders of GOLD who wish to exchange GOLD for the WisdomTree Dollar Token (USDW), exchange USDW for GOLD, or exchange GOLD for physical gold can do so by submitting an exchange or gold retrieval request to the Company. The Company accepts GOLD exchange or gold retrieval requests only from customers who have an

account in good standing with the Company and satisfy applicable terms and conditions set forth in the WisdomTree Prime User Agreement. Upon receipt of a request from a Customer to exchange GOLD for USDW, to exchange USDW for GOLD or to exchange GOLD for physical gold, the Company will make commercially reasonable efforts to facilitate near instantaneous exchange where possible based on the sale price of gold (and, accordingly, GOLD), although generally within two full business days after the business day on which the Company has accepted the exchange request. The Company expects to process gold retrieval requests (for facilitation by the metal agent) within two full business days after the business day on which the Company has accepted the retrieval request in good order meeting applicable terms and conditions set forth in the WisdomTree Prime User Agreement.

5. GOLD is not legal tender, is not backed by governments, and accounts and value balances are not subject to FDIC or Securities Investor Protection Corporation (SIPC) protections. GOLD represents an electronic document of title to an underlying fine troy ounce of gold of a uniform grade issued by the Company as bailee for such underlying gold. The price of gold (and, accordingly, GOLD) fluctuates and may be affected by numerous factors including supply and demand, the global financial markets and other political, financial, or economic events, which may negatively impact gold prices and the value of GOLD. Please refer to the risks and limitations set forth in the WisdomTree Prime User Agreement and other risks and limitations disclosed from time to time in the WisdomTree Prime mobile application.

To the best of the knowledge and belief of the undersigned, the information contained in this Report as of the Report Dates is accurate and complete.
