[11] Income from direct obligations of the U.S. Federal government, such as U.S. Treasury securities, is generally exempt from state and local taxes. If you own a WisdomTree ETF that shows a percentage in this column, you will need to calculate the amount of income you earned from U.S. Federal government bonds (by multiplying Box 1a by the percentage shown in this column) in order to take advantage of this exemption when you file your state income tax returns as it will not be reflected on the tax forms issued by the broker or financial institution through which you purchased WisdomTree ETF shares. Because the qualifications vary by state, please consult your tax advisor for details.
[12] A Fund denoted with "YES" in this column meets the state tax exemption threshold requirements for New York, Connecticut, and California, on income from U.S. Federal obligations which require that at least 50% of the Fund's assets at each quarter-end within the tax year consist of U.S. Federal government obligations. Because the qualifications vary by state, please consult your tax advisor for details.

The table above is intended to provide information about the potential tax characterization of the Funds' distributions. It is not intended as tax advice. The tax consequences of Fund distributions vary by individual taxpayer. You should consult your tax professional or financial advisor for more information regarding your tax situation. To receive a distribution, you must have been a shareholder of a Fund on the indicated record date(s). Distributions were paid to shareholders on the payment date(s). Past distributions are not indicative of future distributions. Transactions in shares of the Funds will also generate tax consequences and transaction expenses. For individuals and other non-corporate shareholders, the portion of a Fund's distribution characterized as "Qualified Dividends" (Form 1099 Box 1b) are subject to tax at the lower long-term capital gains tax rate. However, a shareholder will qualify for this reduced tax rate with respect to distributions reported by a Fund as Qualified Dividends only if the shareholder meets a holding period requirement with respect to its shares in the Fund (generally, a shareholder must have held the shares for 61 days out of the 121-day period beginning 60 days before the Fund's ex-dividend date).

The amount(s) shown as "QDI%" is the amount of each Fund's Qualified Dividends (Form 1099 Box 1b) expressed as a percentage of that Fund's total ordinary dividends (Form 1099 Box 1a). The amount(s) shown as "Foreign Taxes Paid" (Form 1099 Box 7) is, in general, the per share amount of taxes paid or accrued by each Fund to a foreign country or U.S. possession and, subject to certain limitations, may be claimed for federal income tax purposes as a foreign tax credit or may be deducted as an itemized deduction. Non-U.S. shareholders generally will not be subject to United States income or withholding tax on Short-Term Capital Gains.

Investing involves risk, including the possible loss of principal. In addition to the normal risks of investing, foreign investing involves special risks, such as the risk of loss from currency fluctuation or political uncertainty. Funds focusing on a single country, sector and/or smaller companies generally experience greater price volatility. Investors should consider the investment objectives, risks, charges and expenses of the Funds carefully before investing. A prospectus, containing this and other information, is available at wisdomtree.com or by calling 1-866-909-WISE (9473). Investors should read the prospectus carefully before investing.
