There are risks associated with investing including the possible loss of principal. Past performance does not guarantee future results. In addition to the normal risks of investing, foreign investing involves special risks, such as loss from currency fluctuation or political or economic uncertainty. Investments in real estate involve additional special risks, such as credit risk, interest-rate fluctuations and the effect of varied economic conditions. Funds focusing on single country, sector and/or smaller companies generally experience greater price volatility.

Investors should consider the investment objectives, risks, charges and expenses of the funds carefully before investing. A prospectus, containing this and other information is available by calling 1-866-909-WISE. Investors should read the prospectus carefully before investing.
