

WisdomTree Fund Change: FAQ

1. Which Fund is being closed and liquidated?

Fund Name	Ticker	Exchange
WisdomTree Global ex-Mexico Equity Fund	XXM	NYSE Arca

2. How and why was the Fund chosen to be closed and liquidated?

WisdomTree periodically reviews its Fund family in an effort to ensure that all of its Funds are useful, compelling and differentiated investment offerings within the current ETF landscape. After carefully evaluating multiple factors, including length of time on the market, asset levels, limited market demand and competitive positioning, WisdomTree determined it would be in the best interest of the Fund and its shareholders to close and liquidate the Fund identified above.

3. Can I sell my shares now?

Yes. Until the date the Fund stops trading you may sell Fund shares as you normally would. In this case, the price you receive will be the market price for such shares and you may pay a brokerage commission in connection with your transaction. If you sell your shares you will be subject to a capital gain or loss equal to the amount you receive for your shares in excess of the adjusted basis in your shares.

4. When will Fund shares stop trading?

Fund shares will stop trading on the NYSE Arca after the close of trading on Monday, October 21, 2019. After the close of business on October 21, 2019, the Fund will no longer accept creation orders as the Fund seeks to wind down its affairs. If you wish to sell your shares prior to the actual liquidation of the Fund, you should do so by the close of trading on October 21, 2019. The Fund will not accept orders to purchase additional shares after this date.

5. What happens if I do not sell my shares by October 21, 2019?

If investors do not sell their shares prior to the last day of trading, investors will be automatically redeemed and will receive cash on or about October 30, 2019 equal to the amount of the net asset value (NAV) of their shares as calculated on or about October 29, 2019. The amount distributed seeks to include any accrued capital gains and/or dividends, and proceeds will automatically be deposited into the account where shares were held. However, the Fund may or may not, depending upon the Fund's circumstances, pay one or more dividends or other distributions in addition to the liquidation payment. You generally will be subject to a capital gain or loss equal to the amount you receive for your shares in excess of the adjusted basis in your shares. The Fund will not charge shareholders any brokerage or transaction fees in connection with the automatic redemption.

6. How is the cash deposited to my account?

Shareholders will receive their payment in the form of a liquidating distribution that is electronically credited to their brokerage or other applicable financial intermediary account on the payment date.

7. Can I exchange my shares for shares of another Fund to maintain similar exposure?

For those investors who would like to maintain similar exposure to the Fund that is closing, please call 1-866-909-9473 as WisdomTree has a number of potential alternatives.

8. Will the Fund incur costs as a result of the closure and liquidation?

WisdomTree will continue to bear the ordinary fees and expenses in operating the Fund as it typically would through the date of liquidation, which does not include certain expenses, such as the Fund's brokerage fees and other fees, charges, and taxes in connection with portfolio management. Accordingly, the Fund will pay such brokerage fees and other fees, charges, and taxes in connection with the unwinding of its portfolio investments.

9. Will shareholders and/or advisors need to complete any paperwork in response to the Fund closure?

No action is required by you or your financial advisor if you wish to have your shares redeemed automatically and receive cash on or about October 30, 2019. If you wish to sell your shares prior to the liquidation, you should follow the procedures you currently use to sell Fund shares and place your trade prior to the close of trading on October 21, 2019.

10. Will the Fund continue to pursue its investment objective up until their liquidation?

The Fund anticipates pursuing its objective until approximately October 17, 2019. When the Fund commences liquidation of its portfolio, which is anticipated to commence on or about October 18, 2019, the liquidation process will result in the Fund increasing its cash holdings and deviating from its stated investment objective and strategy. If this does not meet your investment needs, you may wish to sell your Fund shares.

11. Is the sale or redemption associated with a Fund closing treated any differently for tax purposes?

For income tax purposes, the sale or redemption of shares generally is treated in the same manner whether shareholders sell their Fund shares prior to the close of trading on October 21, 2019 or are automatically redeemed on or about October 30, 2019. In either case, shareholders generally will be subject to a capital gain or loss equal to the amount received upon sale or redemption in excess of their adjusted basis in Fund shares. In early 2020, shareholders of the Fund will receive from their broker or financial intermediary through which Fund shares were held a Form 1099-DIV specifying how the distributions paid by the Fund, including the liquidating distribution, during the calendar year 2019 have been characterized for purposes of reporting the distributions on shareholders' tax returns. We recommend that you consult a tax advisor for advice regarding your specific situation.

12. How will the closing of this Fund be communicated to shareholders?

In addition to issuing a press release, WisdomTree has sent a prospectus supplement to all Fund shareholders of record and will post this Investor FAQ and other information on www.wisdomtree.com. A Depository Trust & Clearing Corporation (DTCC) notification will be sent to brokerage firms as well.

For additional information about the Fund closures and other WisdomTree ETFs, shareholders may call WisdomTree at 1-866-909-WISE.

Investors should consider the investment objectives, risks, charges and expenses of the funds carefully before investing. A prospectus, containing this and other information is available by calling 1-866-909-WISE. Investors should read the prospectus carefully before investing.

There are risks involved with investing, including possible loss of principal. Foreign investing involves currency, political and economic risk. Funds focusing on a single country and/or sector may experience greater price volatility. Investments in emerging markets, currency, fixed income and alternative investments include additional risks. Due to the investment strategy of certain Funds they may make higher capital gain distributions than other ETFs. Please read the Fund's prospectus for specific details regarding the Fund's risk profile.

Trading WisdomTree Funds will generate tax consequences and transaction expenses. Tax consequences regarding dividend distributions may vary by investor.
