WisdomTree China Ex-State-Owned Enterprises Fund	CXSE	WisdomTree China Ex-State-Owned Enterprises Index	CHXSOE

2. What changes will be made to the Indexes tracked by these Funds?

Securities that are noncompliant with international norms and standards, such as the Global Standards Screening (GSS) guidelines or are involved in Controversial Weapons, Tobacco or Thermal Coal activities, as identified by 3rd party ESG data providers, will be removed from the Indexes tracked by the specified WisdomTree Funds.

3. How will these ESG screens impact the portfolio of these Funds?

We believe WisdomTree's family of Ex-State-Owned Funds already have an ESG tilt given their focus on governance. The additional ESG screens, therefore, will have a minimal impact on the overall portfolio. As of January 19th, 2021, only 14 securities will be removed from the WisdomTree Emerging Markets Ex-State-Owned Enterprises Fund (1.6% Weight) and 5 securities will be removed from the WisdomTree India Ex-State-Owned Enterprises Fund (6.7% Weight). No securities will be removed from the WisdomTree China Ex-State-Owned Enterprises Fund, as the constituents of the Index tracked by this Fund already meet the specified ESG criteria.

The specific list of securities to be removed can be found on the [Index Notice](#) page on WisdomTree's website.

4. When will these changes take effect?

The specified changes will take effect after the close of trading on Thursday January 28, 2021, effective at the open of trading on Friday January 29, 2021
