

2 April 2026

**WisdomTree Multi Asset Issuer Public Limited Company
Programme for the issuance of Collateralised ETP Securities**

Consolidations of the Collateralised ETP Securities of the following classes:

**WisdomTree Silver 3x Daily Short
WisdomTree EURO STOXX 50 3x Daily Short
WisdomTree DAX 3x Daily Short
WisdomTree Brent Crude Oil 3x Daily Short
WisdomTree Copper 3x Daily Short**

Terms used in this announcement and not otherwise defined bear the same meanings as where used in the prospectus of the Issuer dated 25 September 2025 for the programme for the issuance of Collateralised ETP Securities.

Introduction

WisdomTree Multi Asset Issuer Public Limited Company (the “**Issuer**”) announces that pursuant to Condition 17.2, it will be effecting consolidations (the “**Consolidations**”) at the close of business on 17 April 2026 of the following classes of Collateralised exchange traded product (“**ETP**”) Securities (the “**Affected Securities**”):

Class	Existing ISIN (Last day of trading 17 April 2026)	New ISIN (First day of trading 20 April 2026)	Ratio (in words)	Ratio (in numbers)
WisdomTree Silver 3x Daily Short	IE00B8JG1787	XS3306517924	Three thousand eight hundred	3800
WisdomTree EURO STOXX 50 3x Daily Short	IE00B8JF9153	XS3306517502	One hundred forty	140
WisdomTree DAX 3x Daily Short	IE00B8GKPP93	XS3306517338	One hundred twenty	120
WisdomTree Brent Crude Oil 3x Daily Short	IE00BLRPRK35	XS3306517098	Six hundred fifty	650
WisdomTree Copper 3x Daily Short	IE00B8KD3F05	XS3306516959	Thirty	30

The Consolidations will result in a change of ISINs for the Affected Securities.

The Consolidations will be applied to all registered holders of the Affected Securities on the relevant Register after the close of business on Friday 17 April 2026 (the “**Record Date**”). This will be the last trading day of the Affected Securities under their old ISINs.

Trading of the consolidated Affected Securities under their new ISINs will begin on European stock exchanges on Monday 20 April 2026.

Please note that there could be delays in your broker, custodian or intermediary reflecting the Consolidations in their books and records. Please discuss this with them if you have any concerns.

Impact on Investors

Holders of an Affected Security who have purchased that Affected Security up to and including on the Record Date will be impacted by the Consolidations.

After the close of business on the Record Date, each ratio number, as set out in the table above, of Affected Securities held by a holder will be consolidated into one consolidated Affected Security. For example, every 3800 Affected Securities of WisdomTree Silver 3x Daily Short will be consolidated into one consolidated Affected Security.

The Principal Amount and the NAV of the Affected Securities on the Record Date will be multiplied by the ratio number to determine the respective consolidation adjusted value of the consolidated Affected Securities.

The price and principal amount of an investor's holding of any class of Affected Securities will change as a result of the Consolidations. The value of an investor's holdings will not be affected by the Consolidations, other than in respect of the redemption of any resulting fractions.

Redemption of Fractional Securities

As a result of the Consolidations, a registered holder could potentially become entitled to a fraction of a consolidated Affected Security. However, fractions cannot be traded on the exchanges to which the Affected Securities are admitted to trading. Where a registered holder who is named in the relevant Register maintained by the Registrar becomes entitled to a fraction of a consolidated Affected Security, the Issuer will redeem such fraction of that security on the Record Date.

The cash amount due on any fractions will be determined on the Record Date, based on the NAV of the consolidated Affected Securities on such date and is expected to be paid to registered holders within 14 days of the date on which the consolidated Affected Securities begin trading.

Please note that the Issuer will only make payments to holders of the Affected Securities who are named in the relevant Register maintained by the Registrar as at the close of business on the Record Date. In respect of Affected Securities held through a broker, custodian or other intermediary, please contact that intermediary for information as to how the Consolidations will be recorded in their books and records and their treatment of any fractions.

Impact on Security Identifiers

Although no new securities are being issued, following the Consolidations, new ISINs, SEDOLs and WKNs will be issued in respect of the consolidated Affected Securities of each class.

Annex 1 to this announcement, entitled "Existing and New Security Identifiers for Trading Lines of The Affected Securities" sets out the new ISINs, SEDOLs and WKN codes for the consolidated Affected Securities of each class which will become effective on the date the consolidated Affected Securities begin trading.

Exchange codes and tickers are expected to remain unchanged.

Legal Basis

The Issuer is permitted to conduct the Consolidations pursuant to Condition 17.2 of the Affected Securities as set out in the Prospectus of the Issuer.

The Consolidations will be documented and implemented pursuant to an amendment to the Supplemental Trust Deed in respect of each class made between the Trustee, the Manager and the Issuer. This is pursuant to Condition 15.2(A)(2).

Further information

This announcement contains information only and does not require any action to be taken.

For further information, please refer to the Consolidations FAQ available on our website at www.wisdomtree.eu/important-notice or contact europesupport@wisdomtree.com or contact your broker, custodian or other intermediary.

Annex 1

**EXISTING AND NEW SECURITY IDENTIFIERS FOR TRADING LINES OF THE
AFFECTED SECURITIES**
