

Fund Overview

The WisdomTree Battery Value Chain and Innovation Fund seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Battery Value Chain and Innovation Index.

Why WBAT?

- Gain targeted exposure to companies involved in battery and energy storage solutions and innovation.
- A geographically and industrially diverse portfolio with the capability to continually evolve with rapidly developing battery technology.
- Use to satisfy demand for a thematic ETF tilted toward parts of the battery value-chain that we believe have the highest growth potential.

Performance of less than one year is cumulative. You cannot invest directly in an index.

Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted. Investment returns and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data for the most recent month-end is available at [wisdomtree.com/investments](https://wisdomtree.com/investments).

WisdomTree shares are bought and sold at market price (not NAV) and are not individually redeemed from the Fund. Total Returns are calculated using the daily 4:00pm EST net asset value (NAV). Market price returns reflect the midpoint of the bid/ask spread as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times.

There are risks associated with investing, including possible loss of principal. The Fund invests in equity securities of exchange-listed companies globally involved in the investment themes of Battery and Energy Storage Solutions (“BESS”) and Innovation. The value chain of BESS companies is divided into four categories: Raw Materials, Manufacturing, Enablers and Emerging Technologies. Innovation companies are those that introduce a new, creative or different technologically enabled product or service in seeking to potentially change an industry landscape, as well as companies that service those innovative technologies. Companies that are capitalizing on innovation and developing technologies to displace older technologies or create new markets may not be successful. The Fund may invest in a company that does not currently derive any revenue from innovation or developing technologies, and there is no assurance that a company will derive any revenue from innovation or developing technologies in the future. Battery value chain company stocks have experienced extreme price and volume fluctuations in the past that have often been unrelated to their operating performance. Battery value chain companies may be susceptible to fluctuations in the underlying commodities market. Additionally, energy storage solutions companies may be subject to the risks associated with the production, handling and disposal of hazardous components, and litigation arising out of environmental contamination. The Fund invests in the securities included in, or representative of, its Index regardless of their investment merit. The Fund does not attempt to outperform its Index or take defensive positions in declining markets and the Index may not perform as intended. Please read the Fund’s prospectus for specific details regarding the Fund’s risk profile. WisdomTree Battery Value Chain and Innovation Index: Designed to track the performance of companies primarily involved in Battery and Energy Storage Solutions (“BESS”) that meet Index eligibility requirements. BESS can be defined as technology that captures electrical energy in chemical form.

**MSCI:** Neither MSCI nor any other party involved in or related to compiling, computing or creating the MSCI data makes any express or implied warranties or representations with respect to such data (or the results to be obtained by the use thereof), and all such parties hereby expressly disclaim all warranties of originality, accuracy, completeness, merchantability or fitness for a particular purpose with respect to any such data. Without limiting any of the foregoing, in no event shall MSCI, any of its affiliates or any third party involved in or related to compiling, computing or creating the data have any liability for any direct, indirect, special, punitive, consequential or any other damages (including lost profits), even if notified of the possibility of such.
