See attachment to this form for details.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ► The non-taxable return of capital amount will reduce a U.S. taxpayer's cost basis in the Fund.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ► Earnings and profits at the Fund's fiscal year end were compared to distributions made by the Fund during the fiscal year.
