WisdomTree 2009 Distributions – Tax Supplement Report

As of December 31, 2009

The chart above is intended to provide information about the potential tax characterization of the Funds' distributions. It is not intended as tax advice. The tax consequences of Fund distributions vary by individual taxpayer. You should consult your tax professional or financial advisor for more information regarding your tax situation. To receive a distribution, you must have been a registered shareholder of a Fund on the indicated record date(s). Distributions were paid to shareholders on the payment date(s). Past distributions are not indicative of future distributions. Transactions in shares of the Funds will also generate tax consequences and transaction expenses. For individuals and other non-corporate shareholders, the portion of a Fund distribution characterized as "Qualified Dividend Income" may be subject to a maximum tax rate of 15% through 2010. However, a shareholder will qualify for this reduced tax rate with respect to distributions reported by a Fund as Qualified Dividend Income only if the shareholder meets a holding period requirement with respect to its shares in the Fund (generally, a shareholder must have held the shares for 61 days out of the 121-day period beginning 60 days before the Fund's ex-dividend date).

The amount(s) shown as "QDI%" is the amount of each Fund's Qualified Dividend Income expressed as a percentage of that Fund's total dividend income. The amount(s) shown as "Foreign Taxes Paid" is, in general, the per share amount of taxes paid or accrued by each Fund to a foreign country or U.S. possession. The amount shown as "Qualified Foreign Taxes Paid" subject to certain limitations, may be claimed for federal income tax purposes as a foreign tax credit or may be deducted as an itemized deduction. Non-U.S. shareholders generally will not be subject to United States income or withholding tax on the amount shown as "Qualified Short-Term Capital Gain" for any Fund.

Investing involves risk, including the possible loss of principal. In addition to the normal risks of investing, foreign investing involves special risks, such as the risk of loss from currency fluctuation or political uncertainty. Funds focusing on a single country, sector and/or smaller companies generally experience greater price volatility.

Investors should consider the investment objectives, risks, charges and expenses of the Funds carefully before investing. A prospectus, containing this and other information, is available at wisdomtree.com or by calling 1-866-909-WISE (9473). Investors should read the prospectus carefully before investing.
