Source: WisdomTree, MSCI, FactSet as of 4/5/2024. You cannot invest directly in an index. Correlation time series begins 1/12/2007.

## Index Definitions

**Bloomberg U.S. Aggregate Index:** Represents the investment-grade, U.S. dollar-denominated, fixed-rate taxable bond market, including Treasuries, government-related and corporate securities, as well as mortgage and asset backed securities.

**MSCI Country Indexes:** A market capitalization-weighted index designed to measure the performance of its respective equity market.

**MSCI EAFE Index:** A market cap-weighted index composed of companies representative of the developed market structure of developed countries in Europe, Australasia and Japan.

**MSCI Emerging Market Index:** The MSCI Em (Emerging Markets) Index is a free-float weighted equity index that captures large and mid cap representation across Emerging Markets (EM) countries.

**MSCI Europe Index:** A free float-adjusted market capitalization-weighted index designed to measure the performance of developed equity markets in Europe.

**MSCI Japan Index:** A market cap-weighted subset of the MSCI EAFE Index that measures the performance of the Japanese equity market.

**Russell 1000 Growth Index:** A measure of the large-cap growth segment of the U.S. equity universe, selecting from the Russell 1000 Index.

**Russell 1000 Index:** A measure of the performance of the 1,000 largest companies by market capitalization in the Russell 3000 Index.

**Russell 1000 Value Index:** A measure of the large-cap value segment of the U.S. equity universe, selecting from the Russell 1000 Index.

**Russell 2000 Growth Index:** Measures the performance of the small-cap growth segment of the U.S. equity universe. It includes those Russell 2000 Index companies with higher price-to-book ratios and higher forecasted growth values.

**Russell 2000 Index:** Measures the performance of the small-cap segment of the U.S. equity universe. The Russell 2000 is a subset of the Russell 3000 Index

**Russell 2000 Value Index:** Measures the performance of small-cap value segment of the U.S. equity universe. It includes those Russell 2000 Index companies with lower price-to-book ratios and lower forecasted growth values.

**Russell 3000 Growth Index:** Measures the performance of the Russell 3000 Index constituents with growth characteristics.

**Russell 3000 Index:** Measures the performance of the 3,000 largest U.S. companies based on total market capitalization.

**Russell 3000 Value Index:** Measures the performance of the Russell 3000 Index constituents with value characteristics.

**Russell Midcap Growth Index:** Measures the performance of the mid-cap growth segment of the U.S. equity universe. It includes those Russell Midcap Index companies with higher price-to-book ratios and higher forecasted growth values.

**Russell Midcap Index:** Measures the performance of the mid-cap segment of the U.S. equity universe. The Russell Midcap is a subset of the Russell 1000 Index. It includes approximately 800 of the smallest securities based on a combination of their market cap and current index membership.

**Russell MidCap Value Index:** Measures the performance of the mid-cap value segment of the U.S. equity universe. It includes those Russell Midcap Index companies with lower price-to-book ratios and lower forecasted growth values.

**S&P 500 Index:** Market capitalization-weighted benchmark of 500 stocks selected by the Standard and Poor's Index Committee designed to represent the performance of the leading industries in the United States economy.

**S&P 500 Value Index:** A market capitalization-weighted benchmark designed to measure the value segment of the S&P 500 Index.

**S&P 500 Growth Index:** A market capitalization-weighted benchmark designed to measure the growth segment of the S&P 500 Index.

**S&P 600 Index:** An index of small-cap stocks managed by Standard and Poor's. It tracks a broad range of small-sized companies that meet specific liquidity and stability requirements.

**S&P 600 Value Index:** A market capitalization-weighted benchmark designed to measure the value segment of the S&P 600 Index.

## WisdomTree Correlation Monitor

**S&P 500 [Sector] Indexes:** Market capitalization weighted measure of the performance of companies within the S&P 500/400/600 Index that are in each respective sector. [Sectors: Information Technology, Health Care, Financials, Consumer Discretionary, Communication Services, Industrials, Consumer Staples, Energy, Utilities, Real Estate, and Materials.]
